Reclaim your yard!!! We offer "Overgrown Area Cleanups" the removal or cutting back of overgrown vegetation. Our service is "Second to None", it will look like your yard was never overgrown. Avoid neighbors complaining or getting a violation from the county or HOA. We have the equipment to tackle just about any small jungle. For areas around the house, fence line and landscape beds, we use hand loppers, pruners and hedge trimmers to remove or cut back those unsightly vines and other unwanted overgrowth. We use a polesaw to remove low-lying branches. We have heavy duty string trimmers to knock down tall grasses and weeds. We even have a walk-behind trimmer mower to take on some of the toughest jobs in those hard to reach places. We also have a beaver mower to chew through saplings and small trees up to 3 inches thick, even bamboo! Our work quality will meet or exceed your expectations. We work very efficient and we feel confident you will be quite pleased with how thorough our service is.
